Activity Coordinator	Dr.Munish Tiwari, Faculty, MIMT
Objective	<ul style="list-style-type: none">• For the physical fitness of Students.• To develop team spirit
Content	<p>Being lads, boys love to participate in violent sports. One of these sports that strikes a balance between roughness and discipline is volleyball. The basis of the entire game is teamwork that is mutually beneficial, as well as intuition and imagination. Volleyball cannot be played independently since it requires interaction to function properly. It is a cooperative and faith-based game. On November 10, 2021, the sports committee organised an inter-institute volleyball competition in accordance with our schedule in order to implement the same and enable us reap the benefits of participating in sports of any kind.</p> <p>Another exciting and energising day at Mangalmay for both our kids and Teachers. The players were prepared for the competition; everyone had put in a lot of practise, and now it was time for them to face off against one another for their team. Participation is what counts, whether you win or lose at a game. Both winners and losers are present. The main thing is to realise that there is always a chance to improve on the previous performance.</p>
Outcome of Activity	The students learned the value of having a positive self-image, being physically healthy, and playing games.
